Come learn ENERGETIC ALCHEMY and REIKI MASTERY from Founder and Reiki Master Teacher, Dorothy Lee Donahue, who has for decades taught Internationally, novices and veterans, in the Energetic Healing Arts; making what has often been for many, a mysterious and difficult process, accessible for everyone and usable for all situations in life.

Energetic Alchemy uses the principles of Reiki, a study of energy founded over a century ago, and expands on them by applying today's knowledge and understandings. Energetic Alchemy also incorporates the knowledge and downloading of Star Codes. Thus it is a marriage of eastern and western traditions and Universal Consciousness, experienced through fun and easy exercises, and healing practices that take the student to levels formerly only achieved after years of meditation and practice.

Energize and Heal your Life, and Manifest with Intention and Purpose NOW.
